COMPANY PROFILE

Sharma & Sharma Enterprises was established in 2002, we are one of the leading providers of fabrication services for glazing work, facade work. We have our own in-house anodizing & powder coating plant with quality standards which meet the needs of our valuable customers for colors and micron required.

Safety Door, UPVC Doors / Windows, Aluminium Window, Aluminium Sliding Door, Aluminium Partitions and False ceiling/Flooring, Toughened Glass Works are being largely used by construction contractors and builders across the country. We make sure that only quality raw material such as aluminium, glass, E board, etc. is procured from reliable vendors of the market.

Our experienced and qualified team constantly finds innovative solutions and addresses new challenges thus carving a niche for Primacy Systems in the market. Our esteemed customers include some of the biggest Indian corporate houses, architects, builders, hotels, construction and infrastructure companies, retail chains and malls, engineering etc.

Recently we have launched our own brand SELTOS WINDOWS for Aluminium and UPVC. We have successfully completed many projects involving supply and installation of aluminium windows, doors, glass facades, spider glass, glass canopy, solar glazing, automatic doors, False Ceiling, Wall Paneling, HPL cladding and anything related to Internal & External facades.

BENEFITS & SAVINGS

SELTOS WINDOW & DOOR SYSTEMS PROVIDES

Weather Resistance

Seltos's ongoing development of material technology gives you a long lasting quality product. A longer useful life means peace of mind and a great looking window that continues to improve the value of your biggest asset, your home. Extreme temperatures and severe weather exposure has no effect on doors and windows, continually performing perfectly in all conditions.

Maintenance Free

Seltos windows and doors system do not require regular re-painting and expensive maintenance. They will not rot, warp nor corrode, even in tropical and salty coastal climates. Maintenance is simply a quick and easy clean and does not involve any further costs.

High Security

Highly-secure windows and door profiles made by Seltos offer the best solution for increased safety in your home. Our special fittings, glazing and expert installation provide enhanced security for your family.

High Sound Insulation

In our busy lives, the hustle and bustle of every day living leaves us craving a little peace and quiet when we want it. Protection from noise is an important characteristic of a modern window, ensuring a comfortable life, both at home and in the office.

Protection and Security

Your family is your world and protecting them is an instinctive part of our nature. The need for protection and security is part of our lives from a young age to adulthood. Protecting our material possessions is also important and feeling safe and secure in our homes is as simple as choosing the right doors and windows. Seltos's high-security hardware and excellent frame strength gives you that peace of mind.
